1. Introduction

1.1 Purpose of this Document

This ORION General User Guide (*hereinafter* 'User Guide') provides instructional support and guidance to persons using the Online Regulatory Information system (*hereinafter* 'ORION') to submit or view their Fund and/or Fund Service Provider applications. The User Guide focuses on access, navigation, use and management of ORION.

1.2 User Support

All Business and System related ORION queries and requests should be submitted to the Central Bank by emailing: onlineauthorisation@centralbank.ie

1.3 Familiarity with this User Guide

It is recommended that users of ORION are familiar with the contents of this User Guide, to ensure the smooth operation of the authorisation process.

2. The ORION System

2.1 About the System

The ORION System is a web-based system through which Funds and Fund Service Provider applications are submitted and processed.

The following applications may be submitted via ORION:

Funds:

- **Qualifying Investor Alternative Investment Funds (QIAIFs)** – Application for Authorisation - *including Umbrella QIAIFs, Standalone QIAIFs and QIAIF Sub-Funds.*
- **UCITS/RIAIF Standalone Funds and UCITS/RAIF Sub-Funds** – Application for Authorisation. **Note:** *UCITS Umbrella Funds may not be submitted via ORION.*

Fund Service Providers:

- **AIF Management Company** – Application for Approval
- **AIF Manager** – Application for Authorisation
- **AIF Manager** – Application for Registration
- **Non-EU Investment Manager / Non-EU AIFM** – Application for Clearance
- **UCITS Management Company** – Application for Authorisation
- **UCITS Self-Managed Investment Company (SMIC)** – Application for Authorisation

2.2 Technical Requirements

The ORION System should work with any modern, standards-based browser. The Central Bank of Ireland does not require, or recommend, any particular browser as our websites and public-facing applications support the current versions of all major browsers.

Only vendor supported versions of browsers are supported by the Bank – unsupported versions should not be used as they present a security risk.

ORION accepts the following file types:

- .docx
- .pdf
- .xlsx
- .jpeg

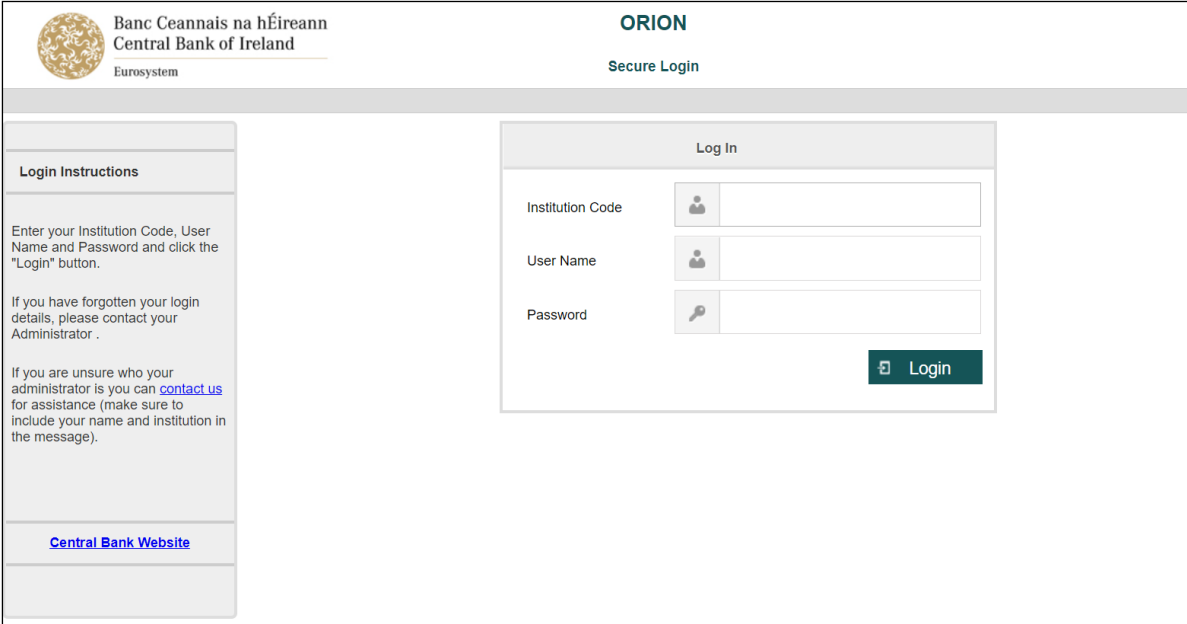

2.3 Navigation

2.3.1 Login Page

The ORION system is available by accessing the following link: <https://orion.centralbank.ie/Home>. The Login Page (see *Figure 1*) will then be displayed. The Login Page allows the user to access the ORION system by entering unique login credentials (i.e. institution code, user name and password) and hitting the 'Login' button.

Any incorrect login credentials will be indicated to the user, in order that another attempt can be made to access the system. The user has 4 attempts to access the system, at which point they are locked out and must contact the Central Bank in order to unlock their account and reset their password.

A user can also use the '[Contact Us](#)' link on the left pane in order to contact the Central Bank in relation to any relevant query. A link to the '[Central Bank Website](#)' is also located on the Login page.

The screenshot shows the ORION Secure Login page. At the top left is the Central Bank of Ireland logo and name. At the top right is the ORION Secure Login title. The page is divided into two main sections. On the left is a 'Login Instructions' section with the following text: 'Enter your Institution Code, User Name and Password and click the "Login" button. If you have forgotten your login details, please contact your Administrator. If you are unsure who your administrator is you can [contact us](#) for assistance (make sure to include your name and institution in the message). Below this is a link to the 'Central Bank Website'. On the right is a 'Log In' form with three input fields: 'Institution Code', 'User Name', and 'Password'. Each field has a small icon to its left (a person for Institution Code and User Name, and a key for Password). A 'Login' button is located at the bottom right of the form.

Figure 1 – Login Page

2.3.2 Login Details

Login details are displayed in the top right corner of ORION pages (see *Figure 2*). This includes details of the name of the user, the last login time, and the firm they work for. There is also functionality for users to change their password. This is done by clicking ‘Change Password’ at the top right of the screen. Passwords must meet the minimum requirements of the password policy, as outlined in *Figure 2* below.

Tip: Users are advised to change their passwords regularly as passwords will expire every 60 days. This will reduce the need for users to contact the Central Bank in order to reset their password.

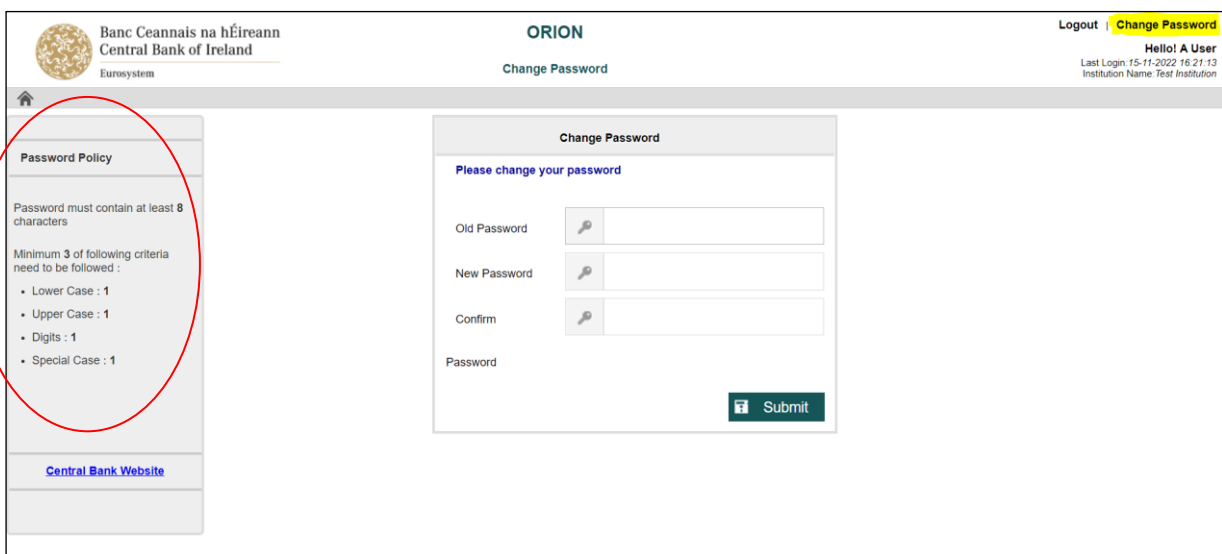

Figure 2 – Change Password

2.3.3 Sector Page

Upon entering correct login details, the user will be brought to the ‘Sector Selection’ page (see *Figure 3*). Here, the user selects the sector appropriate to the authorisation application and hits ‘View’ beside the appropriate sector to progress.

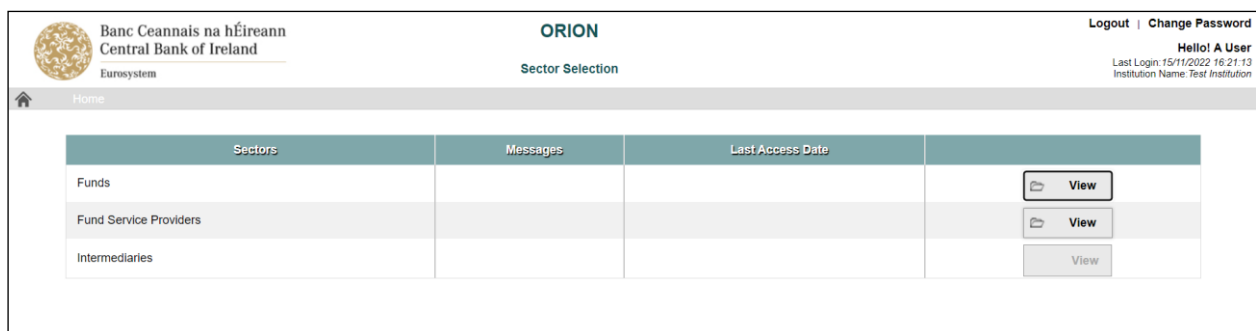

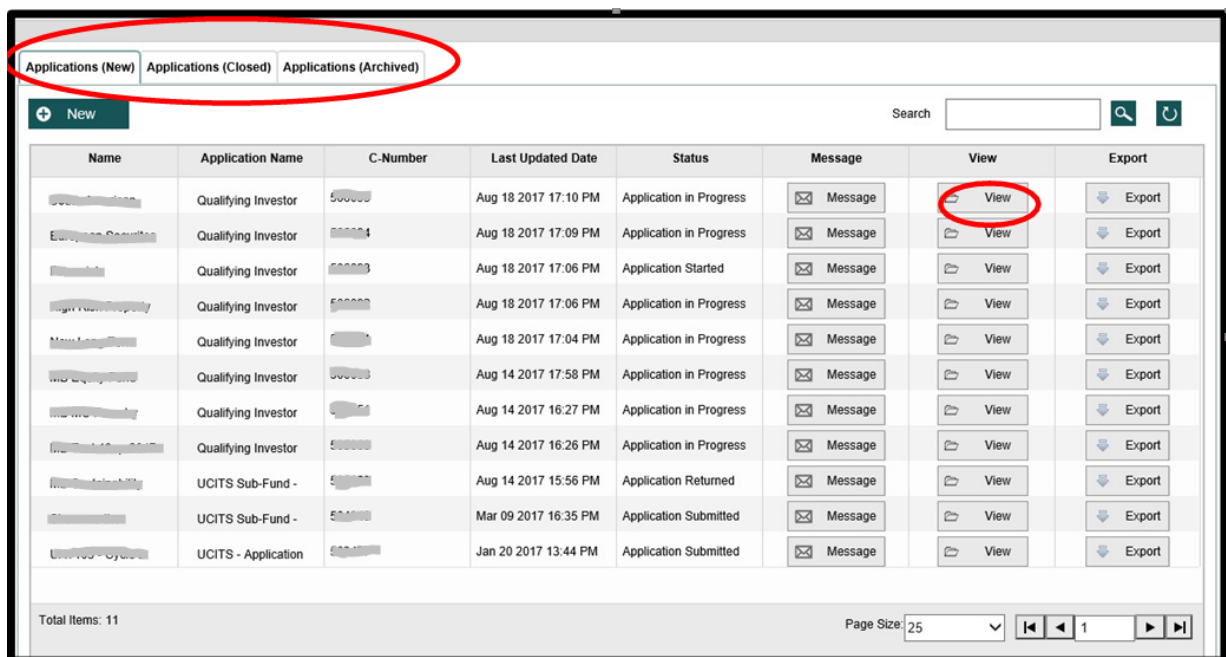

Figure 3 - Sector Selection

2.3.4 Application Page

Upon clicking the 'View' button, the user is directed to the Application Page. This page summarises the applications a firm is working on or that have been authorised and are now closed.

In the following example a QIAIF Fund application will be described in detail.

The Application Page has 3 tabs (see *Figure 4*):

➤ Applications (New) Tab

The list of open applications a firm is currently working on is displayed (see *Figure 5*). The information available on this tab includes:

- **Name** – Name of the fund as chosen by the user.
- **Application Name** – Type of application as selected by the user (e.g. QIAIF, UCITS Sub-Fund, etc.).
- **C-Number** – Identity number of the Application, automatically created upon starting a new application.
- **Last Updated Date** – Most recent date applicant was working on the application.
- **Status** – Current status of the application, with the statuses an application can have listed below:
 - Application Started – Application is in progress and the 'Structure' section has been completed.
 - Application in Progress – Application is in progress and has progressed to

the 'Information' section.

- o Application Submitted – Application has been submitted and is under review by the Central Bank of Ireland.
- o Application Returned – Application has been returned by the Central Bank in order for the entity to address issues identified, as detailed by clicking 'Message' beside the relevant application. An application may be returned for example (not an exhaustive list) for any of the following reasons:
 1. PCF Application not yet approved
 2. A key document has not been submitted
 3. A sub-fund fund liquidity category does not match that allowed by the parent fund
 4. Passporting notification has not been received
 5. Application has been received after the 5pm deadline
- o Fund Application Authorised - When the Central Bank reviewers are satisfied with the application, it will then be authorised and the status of the application will change to 'Fund Application Authorised' in the Applications (Closed) tab. A message to this effect will also appear in the application's 'Messages' column.
- **Message** – Any messages from the Central Bank associated with the case. These are typically comments from a Central Bank staff member or automated messages from the system to notify that a fund has been authorised.
- **View** – Clicking this allows the user to view all sections of the application.
- **Export** – This enables the user to create a copy of the application in Excel format.

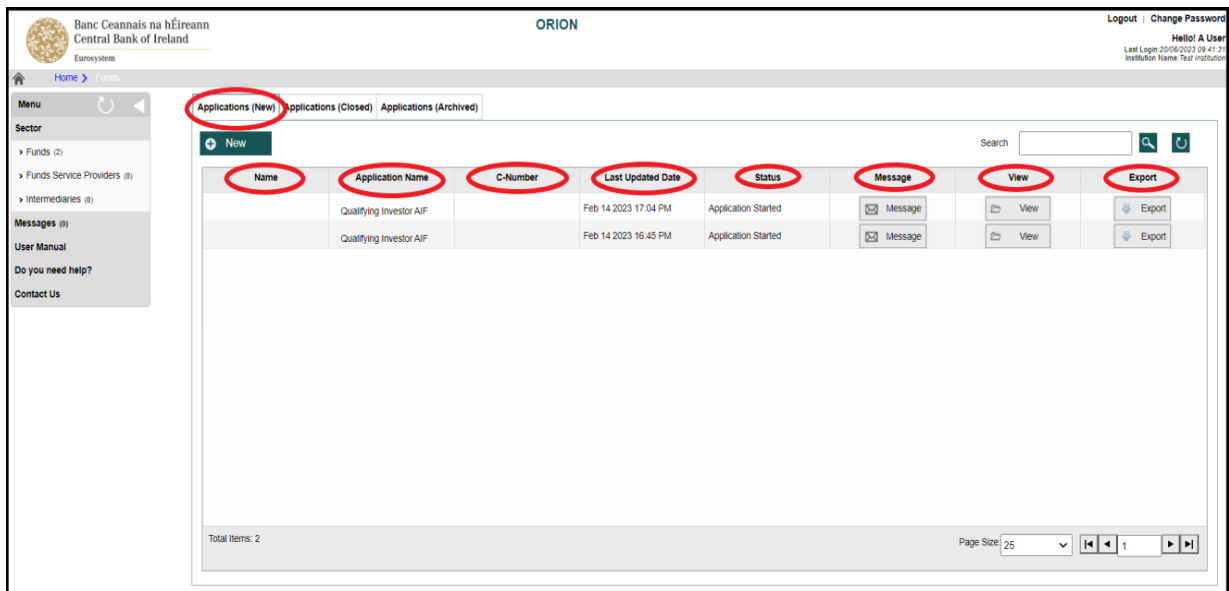

Figure 5 - Applications (New) Tab

➤ Applications (Closed) Tab

The information on this tab is equivalent to the Applications (New) tab, but it is in respect of closed applications. Typically, this is a list of Fund applications which have been authorised.

➤ Applications (Archived) Tab

The information on this tab is similar to the Applications (New) tab, but it is in respect of applications which have become dormant. Typically, this is a list of Fund applications (a) which have not been submitted within 6 months of being started or (b) where the applicant has not replied to comments from the Bank within 3 months.

➤ Other Features on the Applications (New) Page

The other features on the Funds Application Page are highlighted in Figure 6 and described in detail below.

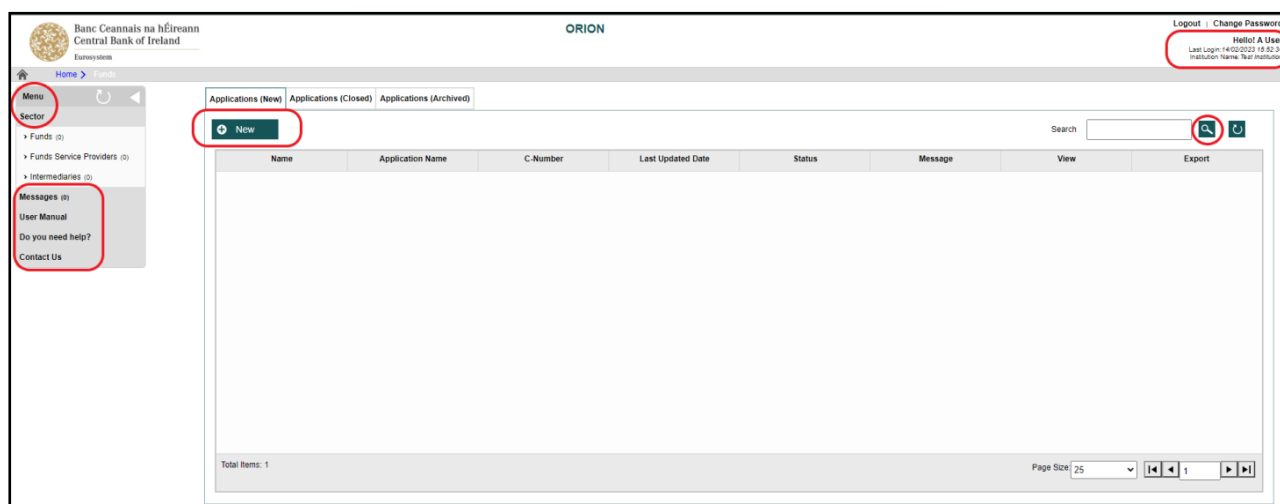

Figure 6 – Other Features on Funds Application Page

- **New** – This button allows the user to create a new application. Further details regarding this feature are outlined further on in this User Guide (see 2.3.5 Create New Application).
- **Menu** – This button removes or adds the menu bar on the left side of the screen as required.
- **Sector** – The sector options as detailed in the Sector page are listed here. Clicking on a particular sector takes the user to the relevant applications for that sector (see Figure 6).
- **Messages** – This displays all messages from the Central Bank for all Applications.
- **User Manual** – This is a link to the ORION User Guide.
- **Do you need help?** – This is a link to the guidance available on www.centralbank.ie.
- **Contact Us** – This is a link to information on how to contact the Central Bank if you have a query about ORION.
- **Login Details** - User login details are displayed on the top right of the screen,

including the option to logout of ORION.

- **Search Facility** – Users can search for an Application using the search feature by entering the fund name in the search box and clicking the search icon in Figure 6.

2.3.5 Create New Application

In order to begin a new application, click the ‘New’ button in the Application (New) tab, see Figure 7.

Figure 7 – Funds Application

Then, select ‘Funds Authorisation’, see Figure 8.

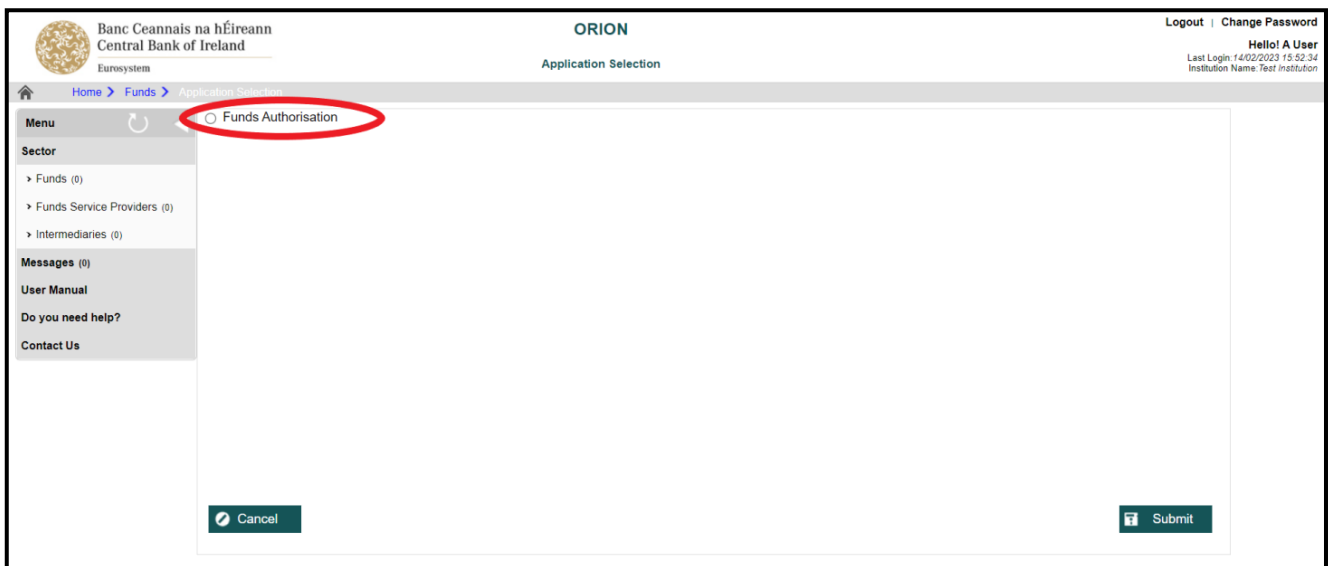

Figure 8 – Application Selection

Next, select the relevant Authorisation sub-category from the list of options and hit 'Submit' – in this example 'QIAIF - Application for Authorisation' has been selected (see Figure 9).

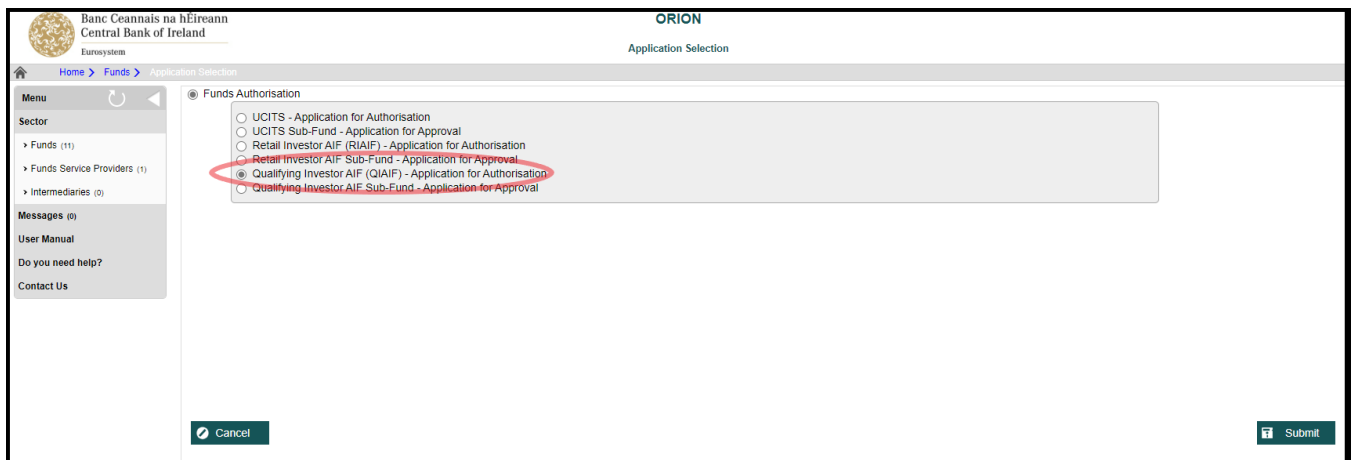

Figure 9 – Application Selection

2.3.6 Create New Regulated Entity

After selecting the relevant authorisation sub-category the user is taken to the 'New Regulated Entity' page. For example, select ICAV in the Legal Structure dropdown (see Figure 10).

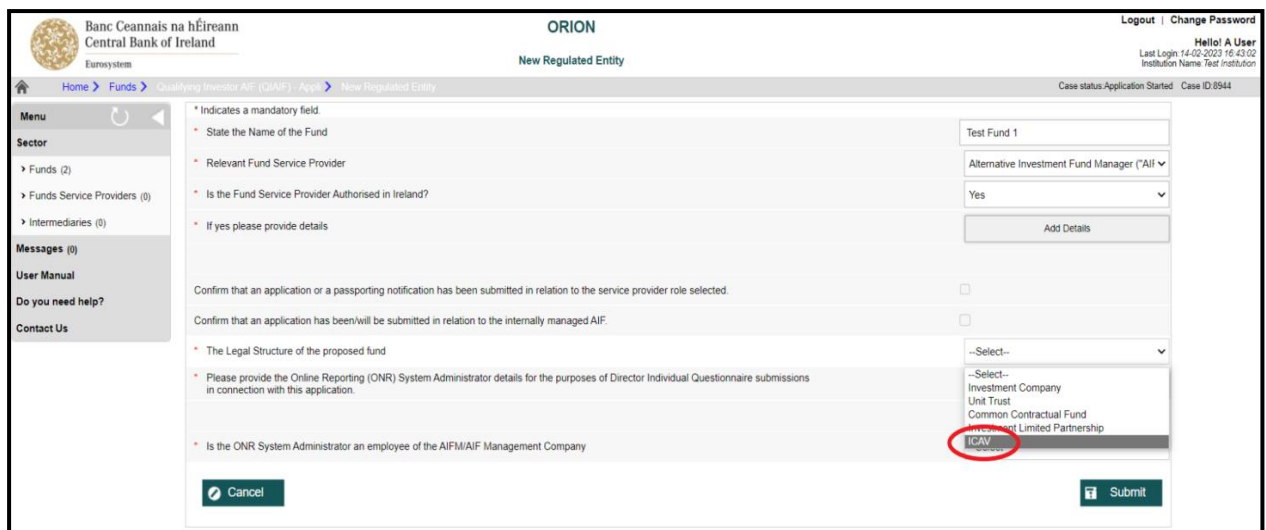

Figure 10 – New Regulated Entity

This section determines which of the subsequent application sections are required to complete the submission to the Central Bank. Additional questions and supplementary documents may also be required depending on the answers provided on this page. The answers in this section may be changed at any point prior to submission, but note that any changes to this section prior to submission of the application will result in the deletion of all data in any other completed sections.

On the first of two pages the user enters Application Structure details such as name of the Fund, Legal Structure and ONR System Administrator details. At the end of the first page, there is a mandatory question: Is the ONR System Administrator an employee of the AIFM/AIF Management Company?

- If the user selects **'Yes'** the message appears 'The ONR System Administrator will receive login details to the Online Reporting System at the email address provided within 24 hours'.
- If the user selects **'No'** the message appears 'The Central Bank will require a letter of confirmation from the AIFM/AIF Management Company delegating control and naming the ONR System Administrator and the individual within the entity who is to receive access. The ONR System Administrator will receive an email requesting the confirmation letter at the email address provided within 24 hours.'

A template letter for the AIFM/AIF Management Company is available in [Appendix 1](#). This template letter, once signed, should be emailed to onlineauthorisation@centralbank.ie.

When this page is completed and the user presses the 'Submit' button, the entity code (*hereinafter* 'C-Number') of the application is automatically generated.

The user is then taken to the next page (see *Figure 11*), where further details of the legal structure are required. The user should then hit **'Submit'** to progress the application once all required fields are answered.

The screenshot shows the 'Application Structure' page in the ORION system. The page title is 'Application Structure' and it includes a navigation menu on the left with options like 'Home', 'Funds', 'Qualifying Investor AIF (QIAIF) - Appl', and 'New Regulated Entity'. The main content area contains a list of questions related to the legal structure of a Qualified Investor AIF (QIAIF). The questions are numbered 0.1 to 0.11. The first question (0.1) is 'What is the Legal Structure of the Qualified Investor AIF?' with a dropdown menu showing 'ICAV'. The remaining questions (0.2 to 0.11) are 'Is the Qualifying Investor AIF an umbrella?', 'What is the liquidity status of the umbrella QIAIF?', 'What is the liquidity status of the standalone QIAIF?', 'Does the scheme intend to invest through subsidiaries?', 'Does the QIAIF intend to appoint a Distributor / Paying Agent / Representative Agent?', 'Does the QIAIF intend to appoint an AIF management company that is separate to the AIFM?', 'Does the QIAIF intend to have a separate AIF management agreement to the AIFM agreement?', 'Does the QIAIF intend to appoint a separate investment manager?', 'Does the QIAIF have a separate investment management agreement to the AIFM agreement?', 'Does the QIAIF have a separate administration agreement to the AIFM agreement?', and 'Does the QIAIF have a separate AIFM agreement?'. Each question has a dropdown menu with options like '--Select--', 'No', 'Yes', or 'ICAV'. At the bottom of the form, there are 'Cancel' and 'Submit' buttons.

Figure 11 – Application Structure

2.3.7 Application Summary

The user is then brought to the 'Application Summary' screen. In the case of an ICAV, the 'Instrument of Incorporation', is required (see *Figure 12*).

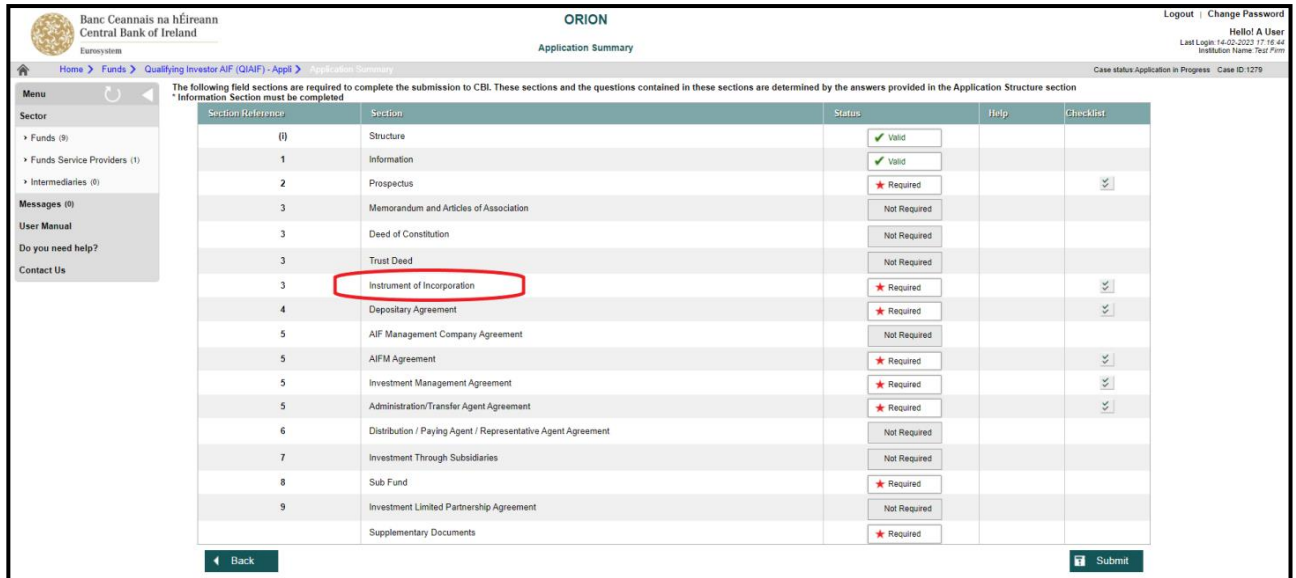

Figure 12 – Application Summary

Here an overview of the sections required is provided. As previously mentioned, the sections to be completed are determined by the manner in which the questions are answered as set out in section 2.3.6. The 'Information' section (Section Reference 1) must be completed first.

Sections that have been completed have a status of 'Valid', and sections that have yet to be completed will have a status of 'Required'. Sections that are not required will be greyed out and have a status of 'Not Required' (see *Figure 13*).

A user can begin to complete the sections by clicking the 'Required' button. A section can also be reviewed and edited by clicking the 'Valid' button.

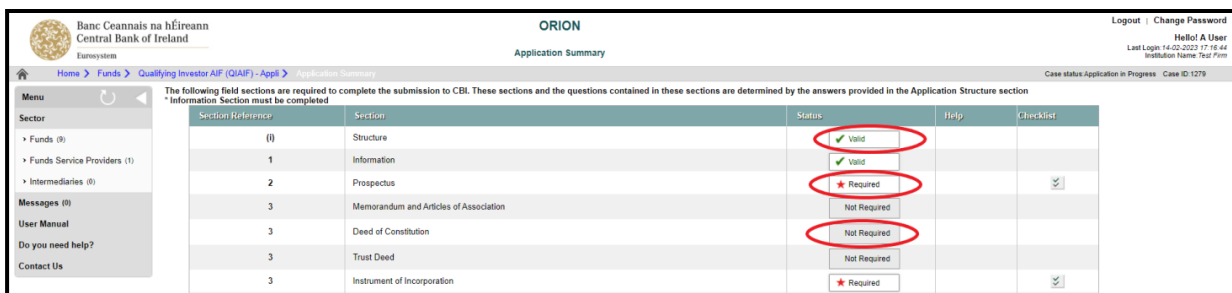

Figure 13 – Status of Sections

2.3.8 Information Section

There are six pages in the information section (see *Figures 14 - 19*). This section requests information in relation to proposed parties to the application and details of the application, such as: Directors (where appropriate), Prospectus, Memorandum and Articles of Association, Depository Agreement, AIFM Agreement.

The “**Add Details**” function allows a user to add relevant details (e.g. Name, Address, Email, Phone Number of the various fund service providers) to the application (see *Figure 14*).

The screenshot displays the ORION Information section. The page title is "ORION Information". The breadcrumb trail is "Home > Funds > Qualifying Investor AIF (QIAIF) - Appl > Application Summary > Information". The page is for "Case status: Application in Progress" with "Case ID: 1279".

The form contains several sections:

- Title**
 - 1.1.1 Name of the QIAIF: Test Fund 1
 - 1.1.1.1 For a QIAIF Investment Company (ICAV) or Investment Limited Partnership, provide the registered office address: Test, Test, Co. Dublin, n/a, Ireland. Includes an "Add Details" button.
 - 1.1.1.2 Is the registered address provided for the QIAIF to be used for correspondence relating to Regulatory Fees? Yes
 - 1.1.1.3 Disclose the address for correspondence relating to the Regulatory Fee: Includes an "Add Details" button.
 - 1.1.1.4 For a QIAIF Unit Trust or Common Contractual Fund, provide the registered office address of the management company: Includes an "Add Details" button.
- Legal Structure**
 - 1.2.1 What is the Legal Structure of the QIAIF? ICAV
 - 1.2.1.1 What is the liquidity status of the umbrella QIAIF? Open-Ended with Limited Liquidity
 - 1.2.1.2 What is the liquidity status of the standalone QIAIF? --Select--
 - 1.2.2 Is the QIAIF an umbrella? Yes
- Proposed Parties to the QIAIF**
 - 1.3.1.1 Alternative Investment Fund Manager ("AIFM"): Test, Test, Test, Co. Dublin, n/a, Ireland, Test@abc.ie. Includes an "Add Details" button.
 - 1.3.1.2 AIF Management Company: Includes an "Add Details" button.

At the bottom of the form, there is a "Back" button, a progress indicator for "Step 1 - 6" (with steps 1-6 shown), and a "Next" button. The "Next" button is circled in red. There are also "Save For Later" and "Add Details" buttons.

Figure 14 – Information

Once a user presses the ‘Next’ button at the end of the page, ORION will perform a validation check to ensure all sections have been completed (see *Figure 14*).

- If a mistake has been made an error message will be displayed indicating the section that needs attention.
- If there are no errors, the user will be brought to page two of the information section.

Shown below are images of Pages 2 to 6 of the information section (see *Figures 15 - 19*).

In *Figure 15*, the section, “Distributor/Paying Agent/Representative”, has been highlighted. (Refer to section 2.3.10 for guidance on completing the sections of the application form relevant to this type of entity.)

2.3.9 Document Upload

Sections 2 – 5 of the ORION application process require certain documents to be uploaded. If a user clicks on the ‘Required’ button to the right of the Prospectus, for example, *Figure 21* is displayed.

Figure 21 – Document Upload

In order to upload a document, hit the ‘Browse’ button located in the ‘File Location’ row in order to find & select the relevant document saved on your computer / device.

In the ‘Document Name’ tab, insert a short description of the document. For example, ‘Prospectus’, ‘Supplement’, ‘Investment Management Agreement’, etc. It is recommended that firms include this information to avoid any possible delays during the review process.

Important - For UCITS and RIAIF applications, the naming convention requirements outlined in [Appendix 2](#) of this document must be followed.

Then hit ‘Submit’ to upload.

Where a file upload fails, an error message is displayed (see *Figure 22*).

Figure 22 – Error Message

In this case a document with the extension .docx or .pdf should have been uploaded.

Once a valid document has been uploaded the section will be marked as valid (see *Figure 23*).

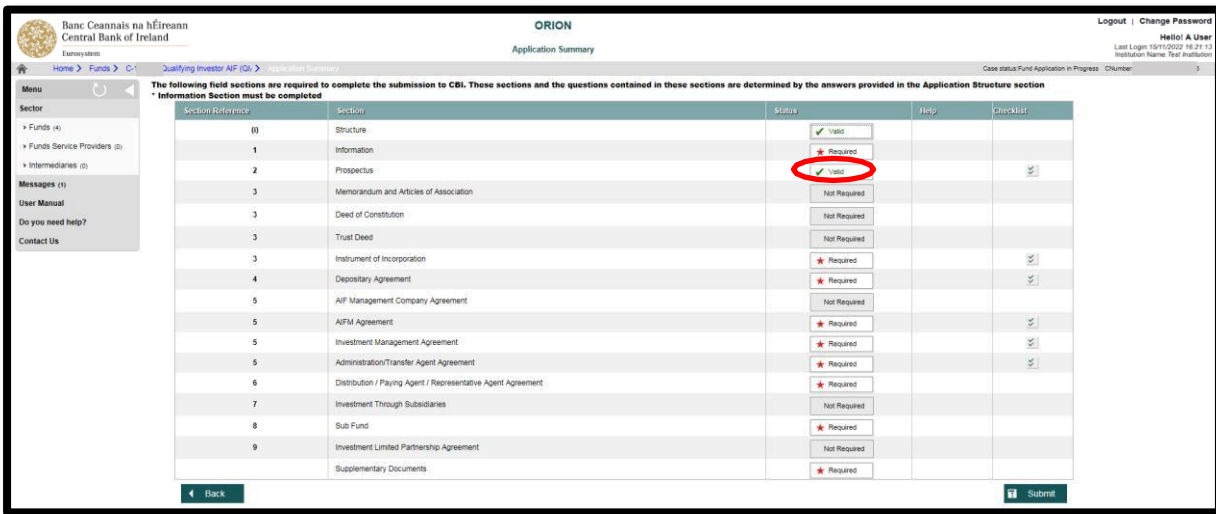

Figure 23 – Application Summary

An example of the prospectus checklist is provided in *Figure 24* and is available on the Central Bank website at: <https://www.centralbank.ie/regulation/how-we-regulate/authorisation/orion-applications/qaif-guidance>

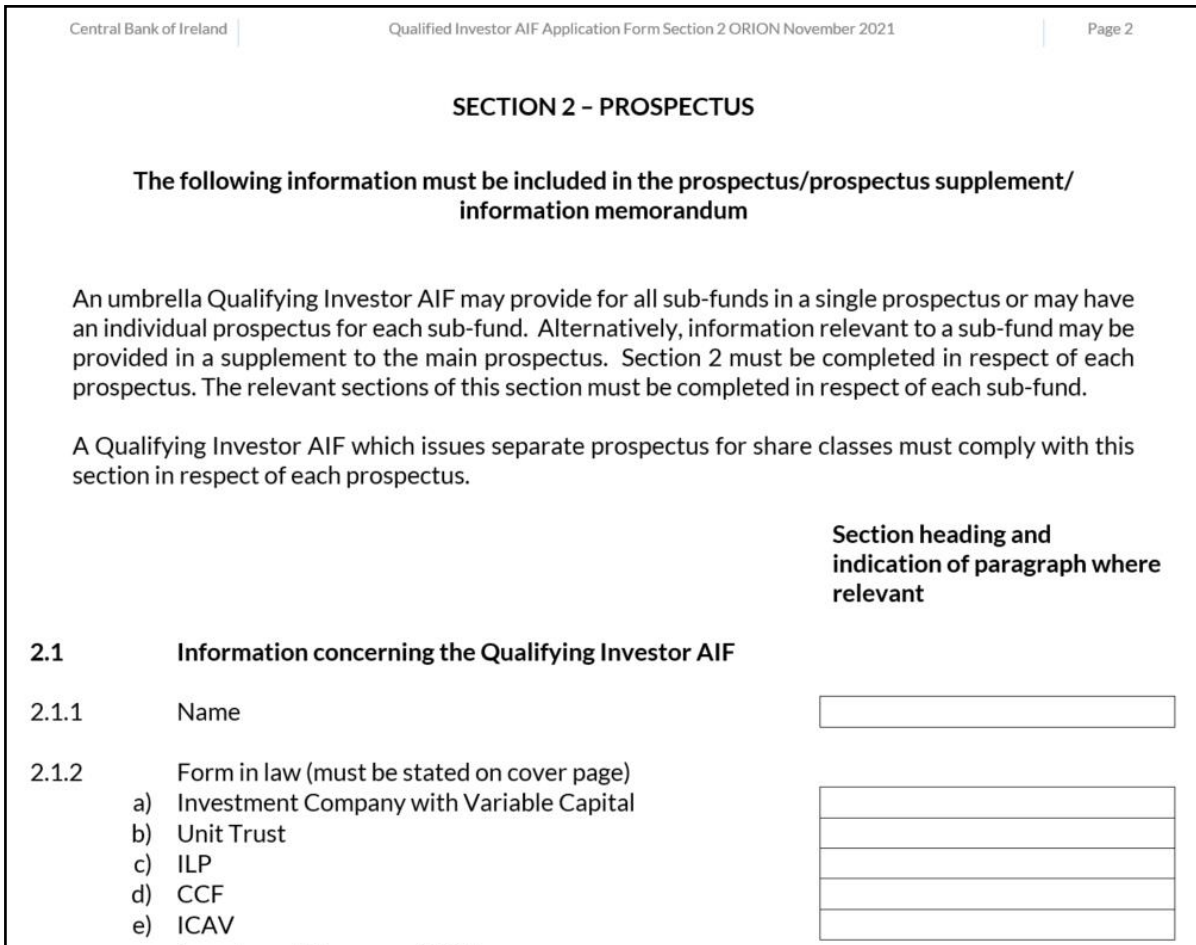

Figure 24 – Prospectus Check List Data

If a user selects Section 3 - Upload a 'Trust Deed' option, Figure 25 is presented. The method for uploading the documents is the same as for the Prospectus outlined above.

Figure 25 – Document Upload for Trust Deed

The Trust Deed is now marked as valid after the correct document was uploaded. In this particular application, the remaining document based sections: AIF Management Company Agreement, AIFM Agreement, Investment Manager Agreement and Administration/Transfer Agent Agreement are all uploaded in the same way (See Figure 26).

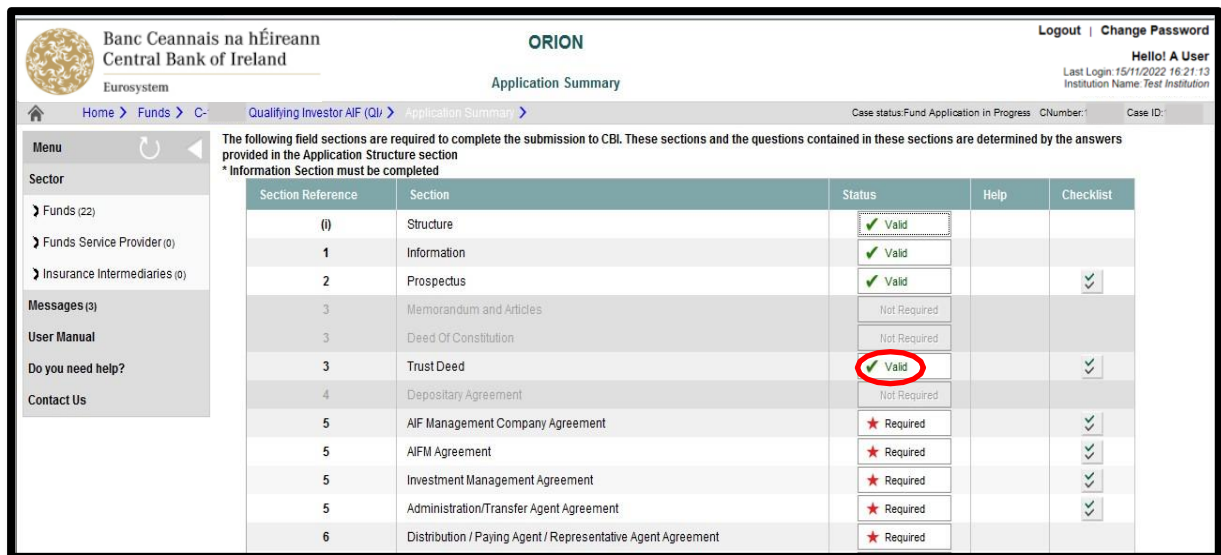

Figure 26 – Application Summary

Once all valid documents up to section 5 of the Application form are uploaded the Application Summary screen will appear as per *Figure 27*.

Figure 27 – Application Summary

The following field sections are required to complete the submission to CBI. These sections and the questions contained in these sections are determined by the answers provided in the Application Structure section

2.3.10 Other Form Based Sections

The **Distribution/Paying Agent/Representative Agent Agreement** section for all UCITS, RIAIF and QIAIF applications are now disabled on ORION. Instead of completing Section 6 for QIAIFs or Section 11 for UCITS and RIAIFs on ORION, you must now complete the following application forms:

- Section 6 – Distribution, Payment Agent, Representative Agreement (May 2018) – QIAIF application form. See website: <https://www.centralbank.ie/regulation/industry-market-sectors/funds/aifs/forms>
- Section 11 – Distribution Agent Agreement (May 2018) – UCITS application form. See website: <https://www.centralbank.ie/regulation/industry-market-sectors/funds/ucits/forms>
- Section 11 – Distribution, Payment Agent, Representative Agreement (May 2018) RIAIF application form. See website: <https://www.centralbank.ie/regulation/industry-market-sectors/funds/aifs/forms>

The relevant application form should then be uploaded to ORION as a Supplementary Document.

The **Investment through Subsidiaries** section for all UCITS, RIAIF and QIAIF applications are now disabled on ORION. Instead of completing [Section 7](#) (for QIAIFs) or [Section 8](#) (for UCITS and RIAIFs) on ORION, you must now complete the following application forms:

- Section 7 – Investment through Subsidiaries (May 2018) – QIAIF application form. See website: <https://www.centralbank.ie/regulation/industry-market-sectors/funds/aifs/forms>
- Section 8 – Investment through Subsidiaries (May 2018) - UCITS application form. See website: <https://www.centralbank.ie/regulation/industry-market-sectors/funds/ucits/forms>
- Section 8 – Investment through Subsidiaries (May 2018) – RIAIF application form. See website: <https://www.centralbank.ie/regulation/industry-market-sectors/funds/aifs/forms>

The relevant application form should then be uploaded to ORION as a Supplementary Document.

If a user has selected 'Yes' to the structure section question: **Is the Qualifying Investor AIF an umbrella?** Then, Section 8 of the application form must be completed (see *Figure 28*).

The screenshot shows the ORION Application Summary page. The table below lists the sections and their status:

Section Reference	Section	Status	Help	Checklist
(i)	Structure	Valid		
1	Information	Valid		
2	Prospectus	Valid

	Supplementary Documents	Required		

Figure 28 - Application Summary

By selecting 'Required' in this section, a user has the option to add a new Sub-Fund or multiple new Sub-Funds.

2.3.11 Umbrella Sub-Fund Applications

Applications for sub-funds should be submitted through ORION provided that the only changes made to the prospectus and associated agreements relate specifically to the creation of a new sub fund. If any other changes are being made (such as the creation of a share class etc.) then the relevant post authorisation process, which utilises the Central Bank of Ireland Portal, must be followed:

- For QIAIFs and RIAIFs - Please refer to the Central Bank website [here](#) for further information regarding the existing post-authorisation process.
- For UCITS- Please refer to the Central Bank website [here](#) for further information regarding the existing post-authorisation process.

In order to add a sub-fund to an umbrella application, a user should select ‘Add New Sub Fund’, as displayed in *Figure 29*.

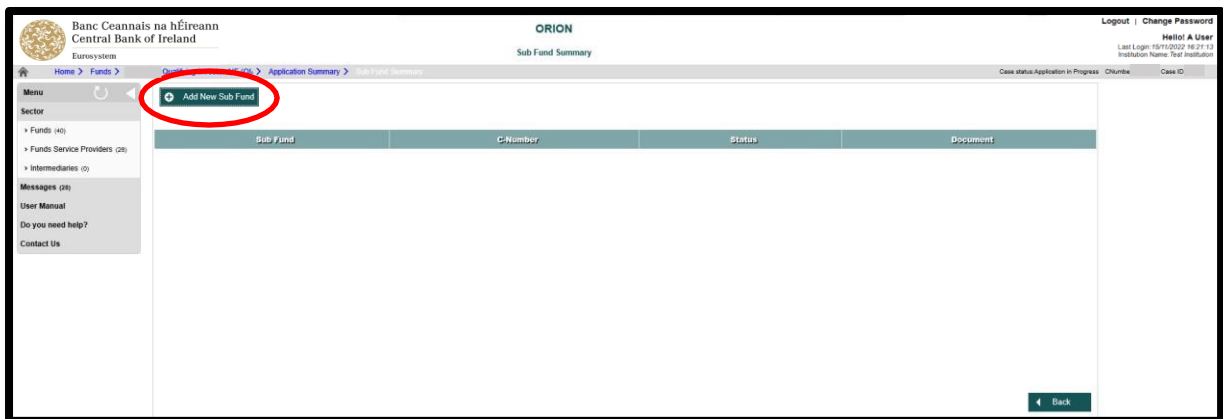

Figure 29 – Sub-Fund Summary

The user is then asked to name the Sub-Fund and must hit ‘Submit’ (*Figure 30* refers).

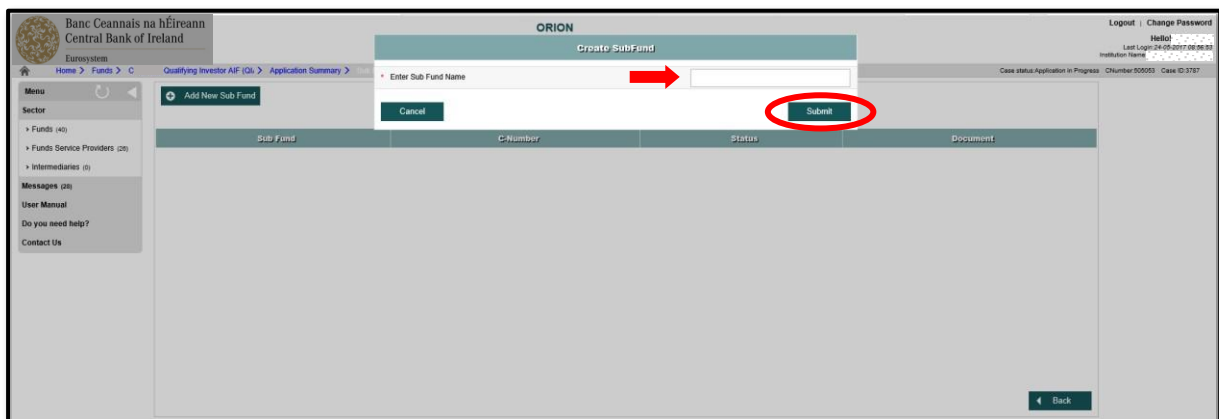

Figure 30 – Create Sub-Fund

A user must then complete the information section of a sub-fund (see *Figures 31, 32 and 33*).

Figure 31 – Sub-Fund (page 1)

This is similar to the information section of an umbrella but with three pages instead of six.

Figure 32 – Sub-Fund (page 2)

Figure 33 – Sub-Fund (page 3)

Once the information section is complete, the status will appear as 'valid' and the document section of the Sub-Fund must now be completed by clicking 'Required' (see Figure 34). **Figure 34 – Sub-Fund Summary**

The Prospectus, or Supplement, for the sub-fund can be uploaded by selecting the 'Optional' button (see Figure 35). A user must click the document icon next to the 'Optional' button to upload the prospectus or supplement for the sub fund.

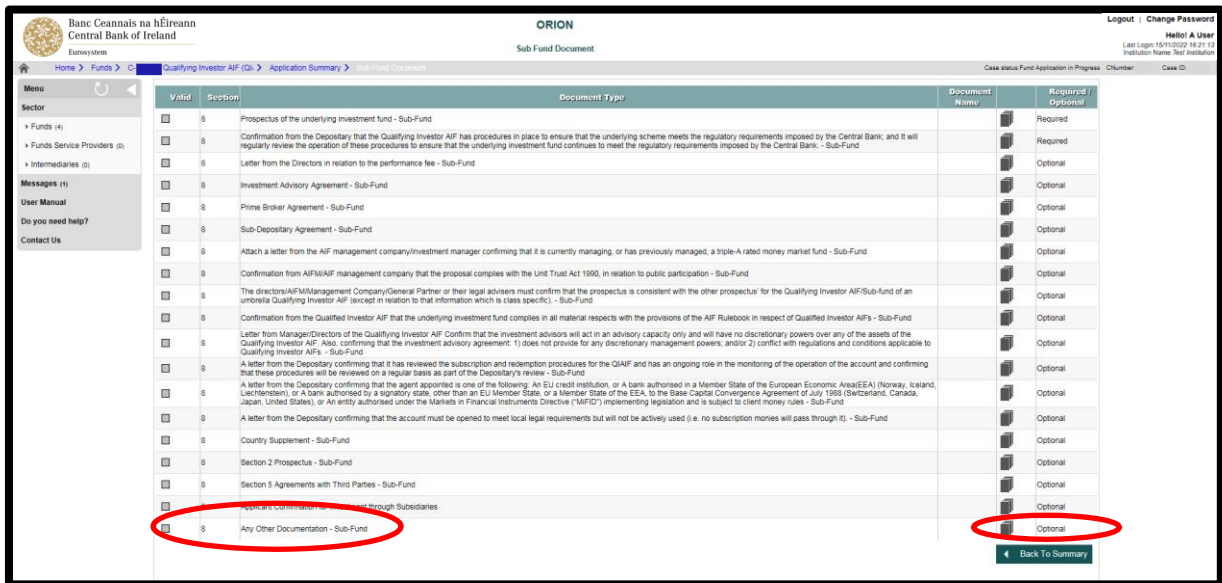

Figure 35 – Sub-Fund Document

Then select 'browse' in the resulting box (see *Figure 36*) in order to browse for the relevant document and then hit submit in order to upload document.

Figure 36 – Document Upload

A tick box to the left of the document indicates that the document has been validated successfully, as shown in *Figure 37*.

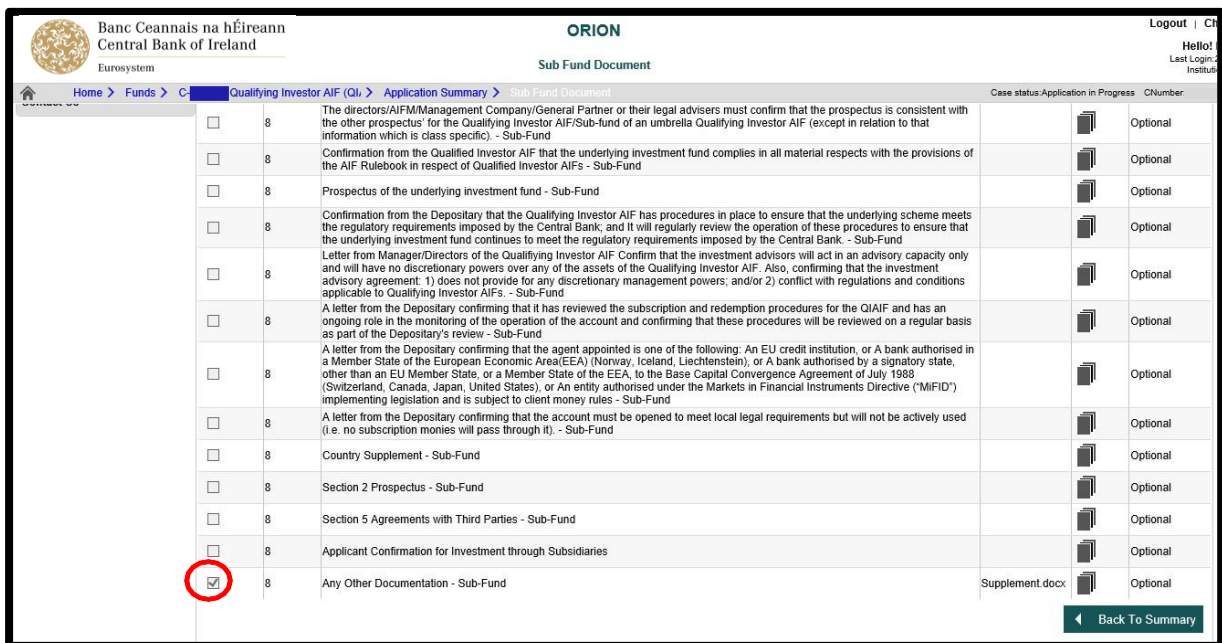

Figure 37 – Sub Fund Document

If a user presses 'Back', they will be brought to the Sub Fund Summary screen which shows that the Document section is now Valid (see *Figure 38*).

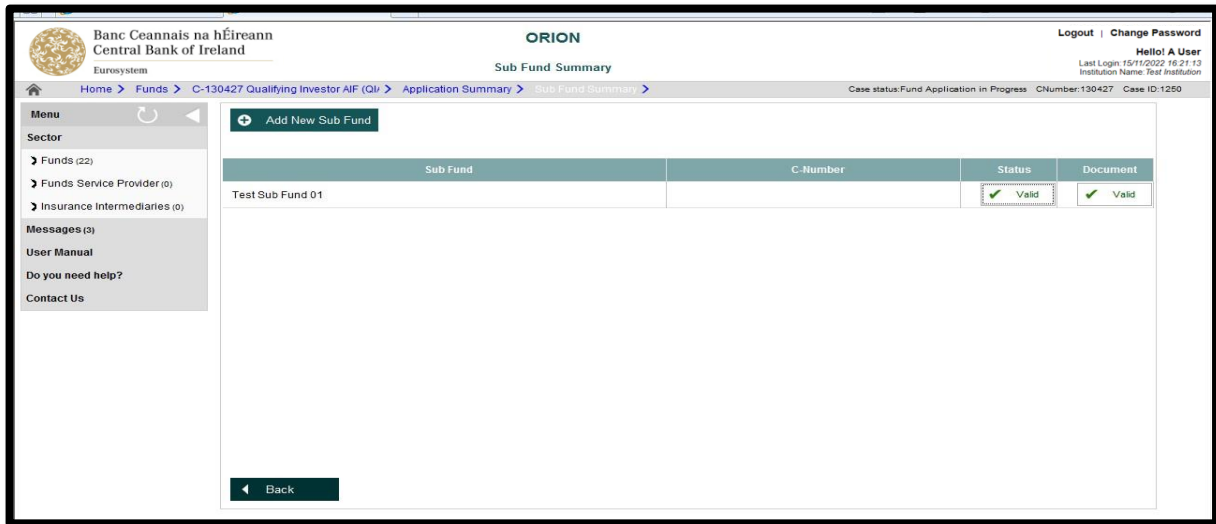

Figure 38 – Sub-Fund Summary

A user can add another Sub Fund or navigate back to the Application Summary screen (see Figure 39).

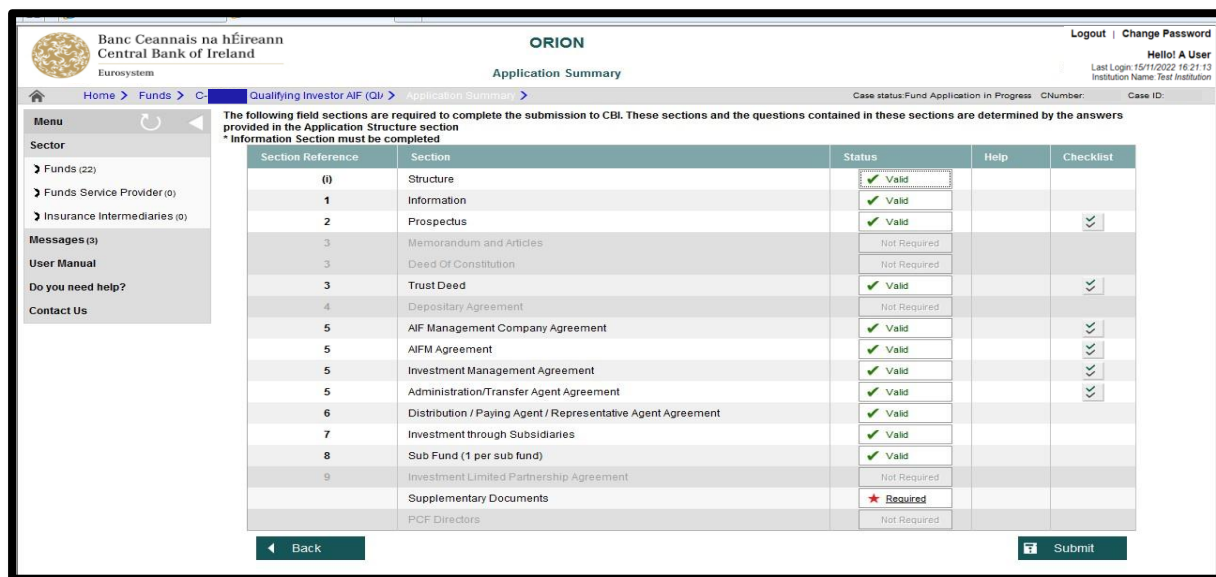

Figure 39 – Application Summary

Supplementary Documents are also required. The required documents vary depending on the questions answered earlier in the application. The user uploads a document by clicking on the document image next to the 'Required' text (see Figure 40).

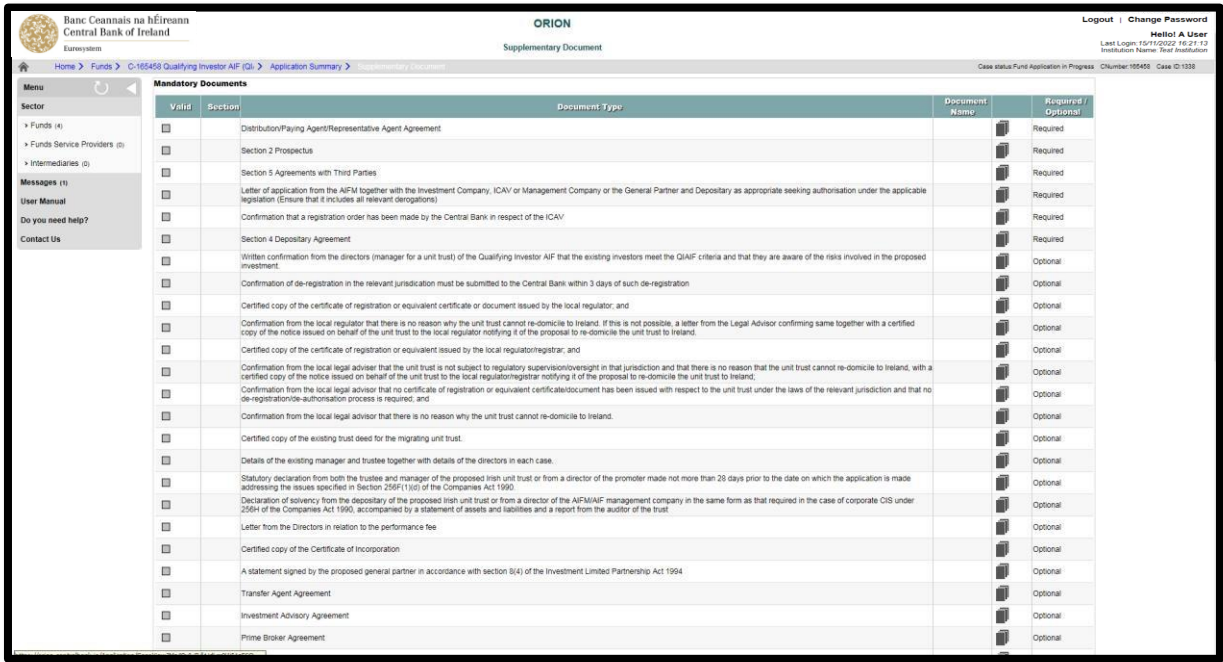

Figure 40 – Supplementary Document

Once all documents have been uploaded, a user can navigate back to the Application Summary screen (see Figure 41).

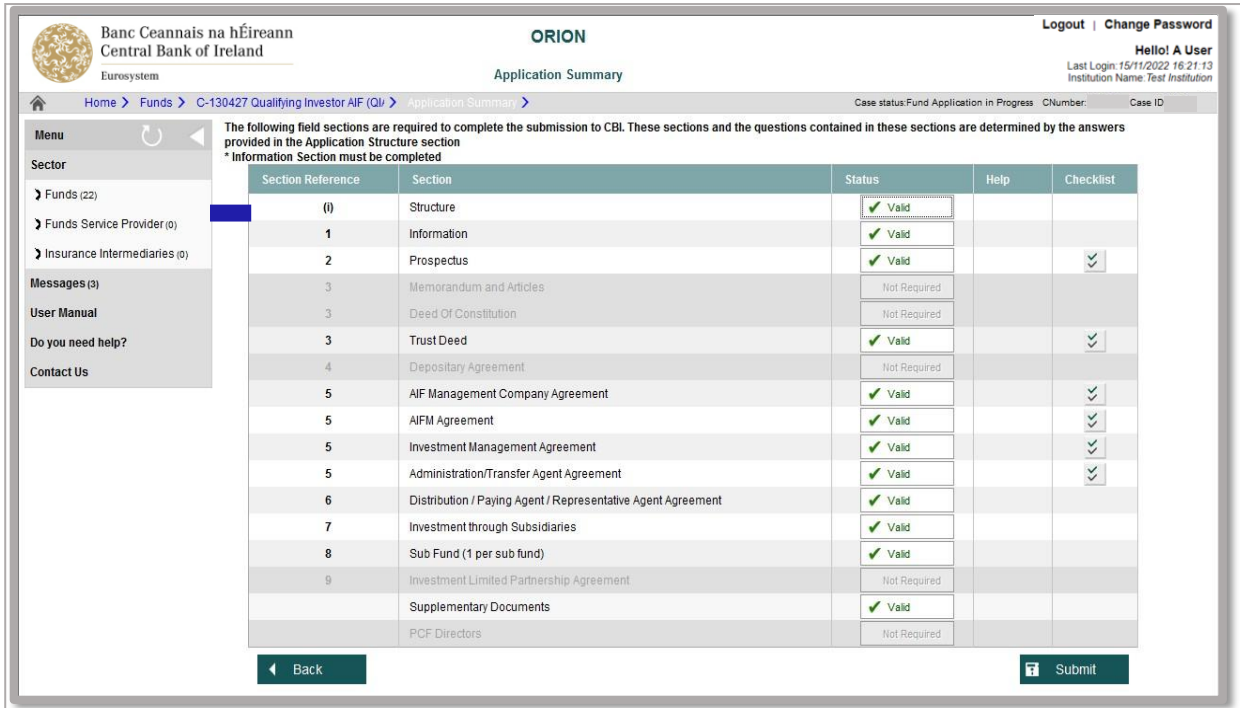

Figure 41 – Application Summary

2.3.12 Submitting an Application

If a user is satisfied with their application, they can press the ‘Submit’ button. The user is then asked to ‘Confirm’ that they wish to submit the application (see Figure 42).

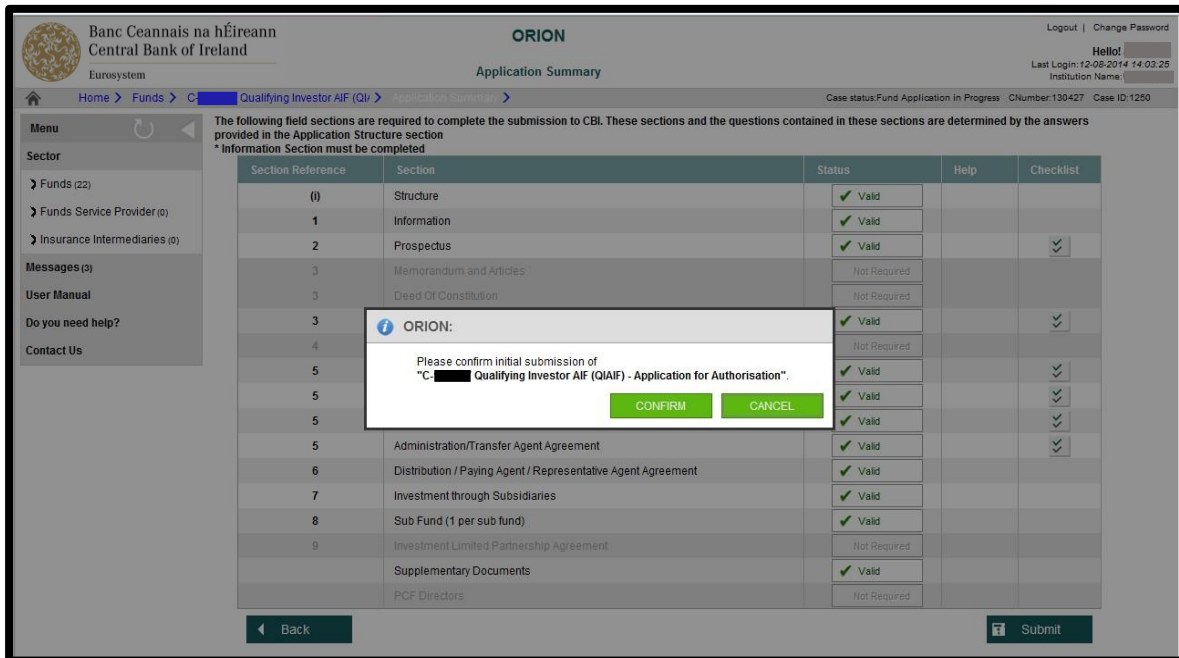

Figure 42 – Application Summary

Once ‘Confirm’, has been selected, the user is brought to the fund application section. The fund status is now at ‘Application Submitted’ (see Figure 43). Once submitted, changes cannot be made to the application. However, prior to pressing the ‘Submit’ button, changes can be made to any section.

Figure 43 – Funds Application

In order to view the progress of the application, the user must click on ‘Message’. Once the fund is authorised, the Status changes to ‘Fund Application Authorised’ in the ‘Applications (Closed)’ tab.
