MINIMUM CAPITAL REQUIREMENT REPORT – CENTRAL BANK OF IRELAND PORTAL USER GUIDE	14

MINIMUM CAPITAL REQUIREMENT REPORT NOTES ON COMPILATION

(APPLICABLE UNTIL MAY 27th 2024 FOR ALL FIRMS HOLDING UCITS MANAGEMENT COMPANY AUTHORISATION AND/OR AIFM AUTHORISATION ON OR BEFORE NOVEMBER 27th 2023)

The Minimum Capital Requirement Report must be submitted to the Central Bank by a Firm (‘the management company’) holding an authorisation as an Alternative Investment Fund Manager (AIFM) and/or as a UCITS Management Company. This report should be submitted along with the half yearly and annual audited accounts at the reporting intervals specified in Part 11, Chapter 1 of Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2015 as amended and Chapter 3 of the AIF Rulebook. The Minimum Capital Requirement Report must be signed by a director or a senior manager of the management company.

SECTION 1 – INITIAL CAPITAL PLUS ADDITIONAL AMOUNT

1.1 The Initial Capital Requirement is €125,000 (Row 1.3).

1.2 When the net asset value of the Collective Investment Schemes (CIS)¹ under management exceeds €250,000,000, a management company must provide an additional amount of capital equal to 0.02% of the amount by which the net asset value exceeds €250,000,000 (Row 1.6) (“Additional Amount”).

1.3 The total of the Initial Capital Requirement and the Additional Amount required to be held by a management company is not required to exceed €10,000,000 (Row 1.7).

SECTION 2 – EXPENDITURE REQUIREMENT

2.1 The Expenditure Requirement (Row 2.4) is calculated as one quarter of a management company’s total expenditure taken from the most recent annual accounts.² However, the Central Bank reserves the right to increase this amount should it be deemed not to reasonably reflect the current position of the management company.

2.2 Total expenditure includes all expenditure incurred by a management company. The following may be deducted from the expenditure figure:

¹CIS include UCITS, and Alternative Investment Funds (AIFs) for which the UCITS manager/AIFM is the designated management company.

²The Minimum Capital Requirement Report submitted with the audited annual accounts must take the total expenditure figure from the latest set of annual audited accounts. For example, the Minimum Capital Requirement Report submitted with the semi-annual accounts for 2014 will take the total expenditure figure from the 2013 audited annual accounts.

- (a) Profit shares, bonuses etc.;
- (b) Net losses arising in the translation of foreign currency balances;
- (c) Shared commissions and fees payable which are directly related to commission;
- (d) Fees, brokerages and other charges which are paid to clearing houses, exchanges and brokers;
- (e) Fees to tied agents;
- (f) Interest paid on client money; and
- (g) Any other non-recurring expenses from non-ordinary activity.

2.3 All deductions from the total expenditure figure should be either clearly identified in the most recent audited annual accounts or supported with a letter from the auditors confirming the figures.

SECTION 3 – PROFESSIONAL LIABILITY RISKS

3.1 The questions in relation to the Professional Liability Risk should only be answered by firms who hold authorisation as an Alternative Investment Fund Manager.

3.2 For the AIFs that it manages, the AIFM must have Additional Own Funds which are appropriate to cover potential liability risks arising from professional negligence. The Additional Own Funds should be at least equal to 0.01% of the value of the portfolio of AIFs under management or at least equal to an amount covered by a prior agreement with the Central Bank, which will not be less than 0.008% of the value of the portfolio of AIFs under management (Row 3.1).

3.3 If the AIFM does not have Additional Own Funds set aside to cover Professional Liability Risk, it is required to hold professional indemnity insurance against liability arising from professional negligence which is appropriate to the risks covered (Row 8.1).

3.4 If the AIFM holds professional indemnity insurance, any excess payable by the AIFM under the insurance policy shall be fully covered by own funds which are in addition to the own funds to be

provided in accordance with Article 9(1) and (3) of Directive 2011/61/EU.

SECTION 4 – MINIMUM CAPITAL REQUIREMENT

4.1 A management company’s Minimum Capital Requirement (Row 4.1) is:

- the higher of:
 1. the Initial Capital Requirement plus the Additional Amount (if required); and
 2. the Expenditure Requirement.
- plus additional amount to cover potential liability risks for Alternative Investment Fund Managers only.

SECTION 5 - OWN FUNDS

- 5.1 A management company is required to have **Own Funds** at least equal to its Minimum Capital Requirement (Row 5.2).
- 5.2 **Own Funds** for a management company will be based on the half yearly accounts or the annual audited accounts, whichever is most recent.
- 5.3 **Own Funds** are calculated as the aggregate of:
- Fully paid up equity capital;
 - Perpetual non-cumulative preference shares;
 - Eligible Capital Contribution (see 5.4 below);
 - Qualifying Subordinated Loan Capital (see 5.4 below);
 - Share premium account;
 - Disclosed revenue and capital reserves (excluding revaluation reserves);
 - Interim net profits (may only be included if they have been audited); and

- Other reserves.

Less

- Current year losses not included in disclosed revenue and capital reserves above;
- Goodwill;
- Other Intangible Assets;
- Deferred Tax Assets that rely on future profitability;
- Defined Benefit Pension Fund Assets on the balance sheet of the institution; and
- Other deductions as required by Article 36 of the Capital Requirements Regulation (CRR).

5.4 Conditions for Eligible Capital Contributions and Subordinated Loan Capital The following conditions apply to Eligible Capital Contributions and to Subordinated Loan Capital (both perpetual and redeemable):

- (a) The prior approval of the Central Bank must be obtained in respect of the inclusion of the Eligible Capital Contribution or Subordinated Loan Capital in the Own Funds for capital adequacy purposes. Subordinated Loan Capital may not be incorporated in the calculation of the Initial Capital Requirement.
- (b) The Central Bank must be provided with documentary evidence⁴ that the Eligible Capital Contribution or Subordinated Loan Capital has been received by the management company.
- (c) The management company must use the Capital Contribution Agreement, Perpetual Loan Subordination Agreement or the Loan Subordination Agreement (for redeemable Subordinated Loan Capital), without amendment. These documents are available on the Central Bank’s website. Please see Section 10 for further detail on Qualifying Subordinated Capital.

SECTION 6 – ELIGIBLE ASSETS

6.1 Liquid Assets - The Minimum Capital Requirement must be invested in liquid assets or assets readily convertible to cash in the short term and must not include speculative positions.

6.2 Eligible Assets - A management company is required to hold the higher of the Expenditure Requirement or the Initial Capital Requirement in the form of Eligible Assets (Row 6.1). Eligible Assets must be easily accessible and free from any liens or charges and maintained outside the management company's group.

6.3 The Central Bank requires Eligible Assets to be held in an account that is separate to the account(s) used by a management company for the day-to-day running of its business.

6.4 Eligible Assets are calculated as follows:

Total Assets (Non-current Assets plus Current Assets)

Less the following ineligible assets

- Fixed assets
- Intangible assets
- Cash or cash equivalents held with group companies
- Debtors
- Bad debt provisions
- Prepayments
- Intercompany amounts (gross)
- Loans
- CIS investments which are not daily dealing
- Any other assets which are not easily accessible not included above.

6.5 When a management company invests all or part of its capital in one or more CIS, the Central Bank reviews the relationships linking the CIS and the management company. It is the Central Bank's view that it is likely that where the management company invests in CIS promoted by other group companies or to which other group companies provide services, its access to those CIS is likely to be restricted, in the event that the related firm gets into difficulty. Accordingly, investments in such CIS will not rank as Eligible Assets for the purposes of satisfying the management company's Minimum Capital Requirement.

6.6 A management company must be in a position to demonstrate its on-going compliance with the capital adequacy requirements outlined in this document. Where a management company's financial position changes materially at any time between reporting dates, which would impact on its compliance with its regulatory capital requirements, it must notify the Central Bank immediately and take any necessary steps to rectify its position.

SECTION 7 – PREVIOUS GUARANTEE AGREED WITH CENTRAL BANK

7.1 A management company need not provide up to 50% of the Additional Amount if:

- (i) it benefits from a guarantee of the same amount given by a credit institution or insurance undertaking; and
- (ii) the form of guarantee is approved by the Central Bank.

The portion of the Additional Amount (max 50%) covered by the guarantee should be inserted into Row 7.1 of the return (if applicable) so that the amount can be added to Own Funds (G) and used to cover the Minimum Capital Requirement (F).

SECTION 8 – PROFESSIONAL INDEMNITY INSURANCE

8.1 The firm is required to disclose if it holds Professional Indemnity Insurance. This question should only be answered by firms who hold authorisation as an Alternative Investment Fund Manager.

SECTION 9 – COMPLIANCE TEST

9.1 All management companies must fill in Rows 9.1 to 9.4.

SECTION 10 - QUALIFYING SUBORDINATED CAPITAL

10.1 The following additional conditions apply to the use of redeemable Subordinated Loan Capital:

(a) The extent to which such loans rank as Own Funds will be reduced on a straight-line basis over the last five years before repayment date.

(b) The qualifying amount of redeemable subordinated debt is calculated as follows:

Remaining term to maturity	_____
Gross Amount	_____
Less Amortisations	_____
= Qualifying Amount	_____

MINIMUM CAPITAL REQUIREMENT REPORT

(APPLICABLE UNTIL MAY 27th 2024 FOR ALL FIRMS HOLDING UCITS MANAGEMENT COMPANY AUTHORISATION AND/OR AIFM AUTHORISATION ON OR BEFORE NOVEMBER 27th 2023)

Minimum Capital Requirements Report		
1. INITIAL CAPITAL REQUIREMENT PLUS ADDITIONAL AMOUNT

Return Type Options

This page displays the options for the 'Minimum Capital Requirement – AIFMs and UCITS Managers' return for your institution.

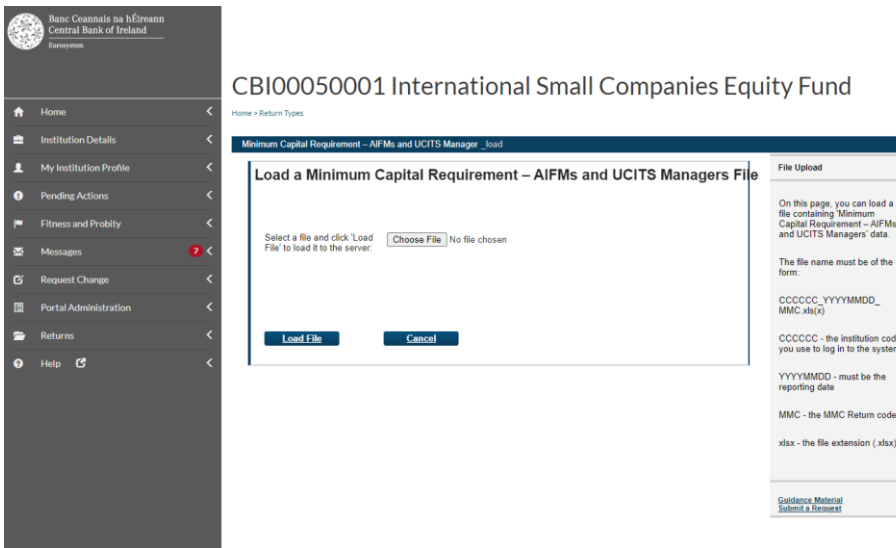

You can enter data or view previously entered data by clicking on the 'View/Edit Returns' button.

You can view a history of all the files uploaded (whether 'accepted' or 'rejected') by clicking on the 'View Uploaded Files' button.

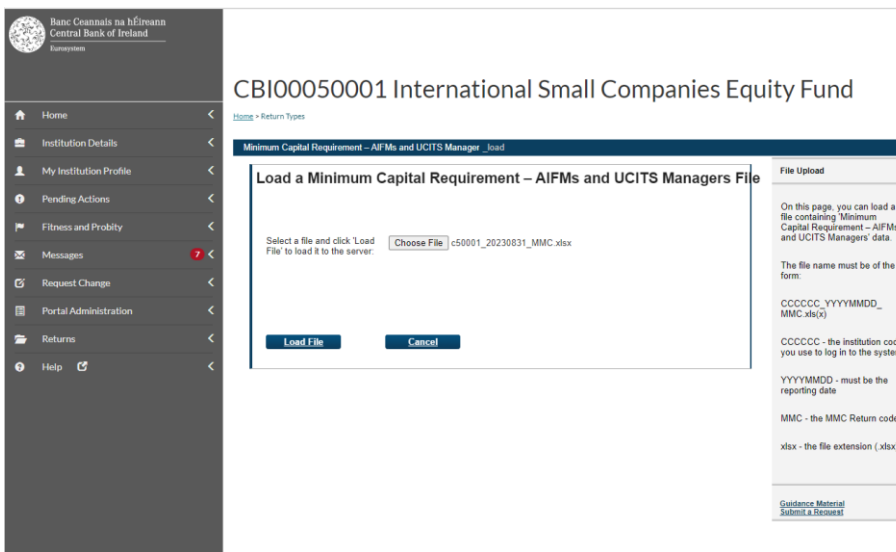

You can load a new file by clicking on the 'Load a File' button.

[Guidance Material](#)
[Submit a Request](#)

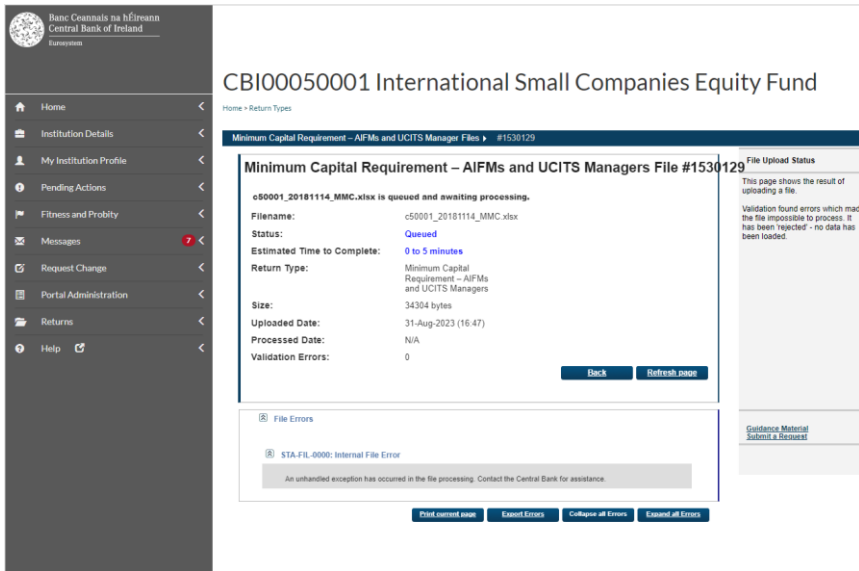

The File Name must follow the naming convention set out in below. Files not using the correct convention will not pass validation. Make sure the file is not open on the desktop as this will prevent upload of the file.

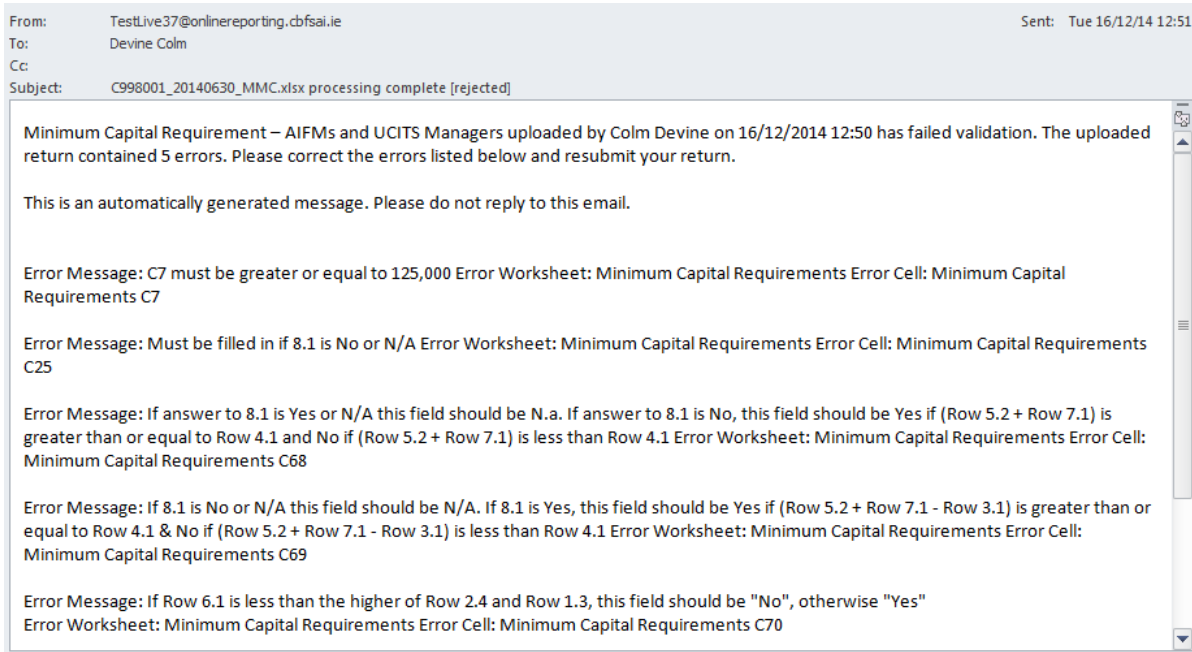

Click Choose File, select the file to upload, and click Load File.

The file will now go through validation.

The user will receive an email stating whether the upload was successful or not. If it is not successful, reasons will be provided.

Refreshing the page will also confirm whether the submission has been successful or not.

If applicable, details of the rejections can be viewed by clicking File Errors.

The screenshot displays the Central Bank of Ireland portal interface. On the left is a dark sidebar with navigation links: Home, Institution Details, My Institution Profile, Pending Actions, Fitness and Probity, Messages (with a red notification badge), Request Change, Portal Administration, Returns, and Help. The main content area is titled 'CBIO0050001 International Small Companies Equity Fund' and shows a 'Minimum Capital Requirement – AIFMs and UCITS Managers File #1530129' that has been rejected. The file details are as follows:

Filename:	c50001_20181114_MMC.xlsx
Status:	Rejected
Return Type:	Minimum Capital Requirement – AIFMs and UCITS Managers
Size:	34304 bytes
Uploaded Date:	31-Aug-2023 (16:47)
Processed Date:	31-Aug-2023 (16:47)
Validation Errors:	0

Below the file details, a 'File Errors' section shows a message: 'STA.FIL.0000: Internal File Error' with a sub-message: 'An unhandled exception has occurred in the file processing. Contact the Central Bank for assistance.' To the right, a 'File Upload Status' box states: 'This page shows the result of uploading a file. Validation found errors which made the file impossible to process. It has been 'rejected' - no data has been loaded.' At the bottom of the main content area, there are buttons for 'Print current page', 'Export Errors', 'Collapse all Errors', and 'Expand all Errors'. A 'Back' button and a 'Refresh page' button are also visible near the file details.

Please correct any validation errors in the file and then resubmit. Once the file has been accepted it must be finalised and then signed off.
