Taxi Journeys

When and where feasible, Central Bank staff members are encouraged to take public transport and other forms of transit, such as Dublin Bikes as they move between the Central Bank's four Dublin locations: Dame Street, Iveagh Court, Sandyford and Spencer Dock. However, on occasion taxis may have to be used for time and cost (i.e. the cost of the staff member's time) reasons.

The Central Bank will move into its new premises in North Wall Quay, Dublin 1, in Q4 2016, and expects this to yield a substantial reduction in this category of transport costs.
